

WALL MOUNTED SMART TELEVISIONS FOR CORNER BROOK LONG TERM CARE 2019-0130 Questions and Answers

The following is a comprehensive list of questions that have been asked by vendors relative to the above noted RFP. The questions were posed by vendors and the responses are indicated in blue below.

1. What features do you require for the SMART TV's?

A: Bell Fibre Op will be available throughout the building, so the proposed televisions should be able to accommodate a wide range of offerings. The ability to customize the TV's (downloading apps as needed) is critical, and apps such as Netflix, Facebook and YouTube will need to be pre-loaded.

2. What will be the daily running hours for these TV's?

A: The 32" Smart TV's are anticipated to be running 12 hours per day, while the remaining TV's will likely be 24 hours per day.

3. What is the warranty expectation?

A: 1 Year.

4. Does Section 3.3 "Cleaning, Disinfection and Sterilization" apply to this tender?

A: No.
