

Western Memorial Regional Hospital has an Indigenous Patient Navigator?

I can provide advocacy, assistance, support, and a point of contact for First Nation, Inuit, and Innu patients and their families.

What can I help you with?

- Help remove barriers and challenges you may face with healthcare services.
- Assist you in connecting with community cultural supports.
- Attend appointments with you if extra support is needed.
- Respond to your general questions related to healthcare systems.
- Visit you during your stay at a healthcare facility in the Corner Brook area or meet virtually at other healthcare facilities based on individual request and availability.
